

The world needs to feed itself Sustainably

PLAY THE VIDEO ▶

Helping farmers grow their wealth.

Farmerline gives growers access to quality inputs, training and markets: tools they can translate into sustainable, healthy incomes.

MERGDATA is the engine behind the field story.

Cloud-based and built from customisable modules, Mergdata works in local languages and offline mode, making it ideal for areas with low connectivity.

Land use, forest cover, climate risk, biodiversity, water management and traceability intelligence.

Half the world is held back by lack of finance.

Farmerline and Mergdata help financial institutions overcome the need for collateral, mitigate risk and finance farmers directly.

Teach

Training, advisory, Darli support and field agents help farmers act before risk shows up.

Finance

Farmer profiles, credit scoring and repayment signals make capital more accessible.

Measure

Mapped acres, traceability, reporting and impact dashboards prove progress.

The numbers become part of the story

**2.3M+**

Farmers

**3.2M**

Acres managed

**4**

Countries

**3000+**

Partners

Some of our outstanding partners.

Companies, investors, governments and development partners trust Farmerline for field execution, farmer relationships and measurable outcomes.
